Amended claims 20-24 are included in Gp.1. Applicants should amend claim 16 to limit the dye to the scope of claim 1. That is after "comprises" 5 lines from the end, the remainder of the claim should be replaced by the language of claim 20 beginning with "cyanine dye" to the end of said claim. Then claim 20 should be canceled.

The revised restriction requirement is made final for the reasons of record. Non-elected claims 16-19 are withdrawn from consideration. When the suggested amendment is made claims 1-16 and 21-24 will be under consideration.

Claims 1-15 and 20-24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The structural formulae in claims 1,6, 11 and 20 are unclear. The A's, along with their subscripts and m and n and are too small and unclear. The lines representing the bonds are too vague and rough. Clearer and larger versions should be submitted.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
